The RATES OF PREMIUM CHARGED will bear favorable comparison with any Company.

PRESCOTT—An incorporated town on the River St Lawrence, near the Thousand Islands, township of Augusta, south riding of the county of Grenville. It is a port of entry, and the largest town in the county. It has 5 churches, 1 branch bank, 1 iron foundry, 2 breweries and 1 distillery. Two weekly newspapers, *The Messenger* and *The Telegraph*, are published. Montreal, Dominion and Great Northwestern Telegraph Cos. Lines have an office here. The city of Ogdensburg, N.Y., lies on the opposite bank of the river, and the traffic between the two places is very considerable, requiring, during the season of navigation, the constant employment of two ferry steamers, one of which starts every half hour for the accommodation of the general public, and the other running in connection with the various railways. All the steamers plying between Montreal, Kingston and Hamilton stop here daily. The town, with the municipalities of Augusta and Edwardsburg, sends one member to the provincial parliament. Fort Wellington is near Prescott, and a short distance down the river are the ruins of an old windmill, famous from the rebellion of 1837. The town is contiguous to the junction of the Grand Trunk and St Lawrence and Ottawa railways. The latter has a terminus on the river shore, within the limits of the corporation. In connection with this line are extensive works for the construction of locomotives, cars, etc. Distant from Ottawa 54 miles, from Montreal 112 miles, from Toronto 221 miles. Mail daily. Population about 3,500.

PRESQU'ILE—A romantic village on on the west side of Owen Sound, on a large, deep bay, sheltered on all sides except north-east, township of Sarawak, county of Grey It has a good wharf 400 feet long with 14 feet depth of water built and owned by John Mackenzie, the whole length easy to approach by steam or sail. Lumbering is carried on to a considerable extent, particularly in maple, ash, basswood, butternut, elm and oak, also in cedar railroad ties, paving timber and telegraph poles. Good lake fishing just outside of harbor. Government light house, storm signal station and branch of observatory in the village. A large trade is done here in pressed hay, cordwood, fat cattle; grain and other supplies for the mills, mines and railroad buildings on north shore, Fort William and in Michigan. This is a first-class fruit country. Large quantities of apples, plums, pears, peaches, strawberries and other fruits grow here. The steamers of the Collingwood and Chicago Line, the Lake Superior Line, the Great Northern Transit Line, and the transient boats and vessels coming for wood, ties and lumber call here. Montreal, Dominion and Great Northwestern Telegraph Cos. Lines have an office here. Distant from Owen Sound, the terminus of the Toronto, Grey and Bruce railway, 8 miles; from Wiarton, the terminus of the Stratford and Lake Huron railway, 16 miles. Population about 250.

PRINCE ARTHUR'S LANDING,—on the shores of Thunder Bay, is a thriving little town. It is situated in the midst of a rich mineral region where are found gold, silver, copper, iron, lead and numerous other minerals. It is the lake terminus of the Thunder Bay branch of the Canadian Pacific railway, where the vast products of Manitoba and the Great Northwest will be transhipped, and where the immense cargoes of general merchandise necessary to supply the large population of the western prairies will be transferred from water to rail on the completion of the line early in 1882. Steamers of the Northwestern Transportation Co., of Sarnia and the Collingwood and Lake Superior Transit Co., call here regularly on their way to Duluth and in returning, carrying mails each way, thus giving them four mails each way per week during the season of navigation. In winter there is one mail per week. A fashionable watering place will soon spring up here as the scenery is unsurpassed, and the coolness of the lake breezes during the entire summer will attract a large number of tourists and health seekers. Two newspapers are published, the *Thunder Bay Sentinel*, established in 1875, containing the general local news of the district, and the *North Shore Miner*, established in 1880, in the interest of mining, it being the only paper in Canada devoted exclusively to that subject. There are 4 churches: Episcopal, Methodist, Presbyterian and Roman Catholic, also a large public school and convent. A very commodious town hall occupies a prominent position. Two large hotels, with first-class accomodations, and a number of smaller ones, at present supply the wants of travellers. It is also the seat of the Judicial district, and boasts of a very handsome Court house and jail. Sittings of the District Court are held twice a year, and the Division Court once a month. A large trade in fresh fish is carried on here by the Lake Superior Fish Co. For lovers of the piscatorial art there are innumerable small streams and lakes in which the choicest speckled trout abound. Distant from Collingwood nearly 700 miles. Population about 1,500.

American hotel, Geo. Copeland, proprietor

Wilson Robert V., blacksmith

RENFREW—A flourishing incorporated village on the River Bonnechere, nine miles from its confluence with the Ottawa, township of Horton, county of Renfrew. The Bonnechere at this place falls rapidly about 100 feet, over a bed of white limestone. As the water rushes madly along between the steep and rocky banks, a scene is presented to the spectator truly beautiful, and not easily forgotten. The water-power afforded by the falls is immense. It is as yet only partially utilized. Renfrew is on the Canadian Pacific railway, and will be the northern terminus of the Kingston and Pembrooke railway. The manufacturing resources are abundant, and it only wants capital to make this one of the best manufacturing districts in British North America. Surrounded by a rich agricultural country it possesses an extensive trade. As the land is more fully cleared, and new settlements effected, it will no doubt increase rapidly in commercial prosperity. It is the seat of the County Model school, has a flourishing High school and contains 5 churches, 1 branch bank, 2 foundries, 2 tanneries, woollen, saw and flour mills. A weekly newspaper, *The Mercury*, is published. Montreal, Dominion and Great Northwestern Telegraph Cos. Lines have an office here. Distant from Pembroke, the county town, 40 miles; from Perth 57 miles, from Ottawa 58 miles. Mail twice a day. Population about 2,000.

SARNIA.—The chief town of the county of Lambton, is at the head of the River St Clair, near its junction with Lake Huron, township of Sarnia. It is the terminus of the Sarnia branch of the Great Western railway, which connects with the main line at Komoka, 10¼ miles west of London. The Canadian terminus of the Grand Trunk railway is at Point Edward, a short distance from the town. Opposite Sarnia is the city of Port Huron, State of Michigan, with which place it has constant communication by steam ferry at all seasons of the year, the navigation at this point seldom being obstructed by ice. Steamers ply daily between here and Detroit and Goderich. It contains several flouring mills, one woollen factory, many fine public buildings and an excellent harbor. Montreal, Dominion and Great Northwestern Telegraph Cos. Lines have an office here. The Bank of Montreal and Canadian Bank of Commerce have agencies here, and two weekly newspapers are published, *The Observer* and *The Canadian*. Distant from Detroit 60 miles, from Chatham (via Wallaceburg) 60 miles, from Hamilton 137 miles, from Goderich 68 miles. Mail daily. Population, census 1881, 3,874.

J. K. MACDONALD, Managing Director.

SAULT STE MARIE—A post village and port of entry in the district of Algoma, on the north shore of St Mary's River, at the foot of the rapids which obstruct the navigation between Lake Huron and Lake Superior, now overcome by a canal on the United States side of the river. The rapids at this place have a descent of 22 feet in less than a mile, and form the natural limit of steamboat navigation. During the recent expedition to the Red River our troops constructed a portage from Sault Ste Marie to Lake Superior for the transport of war material on the Canadian shore, the United States authorities refusing to allow boats thus laden to pass through the canal. These boats discharged their heavy guns, ammunition, etc, at this point, and thus lightened passed through the canal awaiting the arrival of their freight at the Lake Superior end of the portage. The inhabitants are mostly French Canadians and Half-breeds, and are principally employed as fishermen and voyageurs. There is a post of the Hudson's Bay Co. a short distance from the village. The village contains churches for the Episcopalians, Roman catholics, Presbyterians and Wesleyan methodists, 2 grist and saw mills, and is the See of the missionary Bishop of Algoma, the Right Rev. Dr. Fauquier, consecrated October 28, 1873. Steamers from Colliagwood call here weekly, via Owen Sound and the Georgian Bay, past the great Manitoulin Island, where is some of the finest scenery on the continent, calling at the Bruce mines, thence through the narrow passage at St Joseph's Island to Sault Ste Marie, where they enter the canal for Lake Superior. Distant from Collingwood, the terminus of the Northern railway, about 350 miles; from Toronto 400 miles. Mail weekly in summer per steamer from Collingwood, but irregularly during winter, being carried by Indian couriers from Penetanguishene via the north shore of the Georgian Bay. Population about 1,000.

SEAFORTH—An incorporated town in the townships of Tuckersmith and McKillop, south riding of the county of Huron. This is a great business centre. Traffic in all kinds of country produce, and especially in grain, is carried on. 1,000,000 bushels of wheat, barley and oats are annually shipped from this place. The salt wells of Seaforth are the widest known on the North American continent; at the depth of 1100 feet is a solid stratum of pure rock salt of unknown thickness, having been penetrated a depth of one hundred feet, and that without any indication of being nearly through the stratum. It contains 5 churches, a branch bank, 2 weekly newspapers, the *Huron Expositor* and *Seaforth Sun*, Mechanics institute, 3 flour mills, 9 hotels and 3 salt wells in full operation which turn out a large quantity of salt yearly. This is a station on the Buffalo and Goderich branch of the Grand Trunk railway. Montreal, Dominion and Great Northwestern Telegraph Cos. Lines have an office here. Distant from Clinton 9 miles, from Goderich 21 miles, from Stratford 24 miles, from London 56 miles, from Paris 56 miles, from Toronto 112 miles. Mail daily. Population about 3,000.

ST. CATHARINES—A city in the county of Lincoln. It is the county seat and the principal point on the Welland Canal, which unites the great chain of lakes, and forms an unbroken line of communication by water from Lake Superior to the Atlantic seaboard. Manufacturing of machinery and agricultural implements is carried on to a large extent. The surrounding country is highly picturesque. For this reason, and because it also possesses the already well-known mineral spring, it is called the Saratoga of British America. The value of the waters, as a remedial agent, were first brought to the notice of the public by Colonel Stephenson, who likewise erected the Stephenson house, a delightful hotel, large enough to accommodate 400 visitors. The spring first discovered, the water of which is used both externally and internally, supplies, on an average, 130,000 gallons per day. Of this amount a large quantity, partially evaporated, is sent throughout the country in its concentrated form, and, although saline in its nature is, nevertheless, unfit for the manufacture of salt. A second boring in this vicinity has resulted in the discovery of another well, the properties of which are similar to those of the one first discovered. The hotels are equal to any in the Province, and are fitted up with a chaste elegance adapted to the taste of the most fastidious. The city has been lately improved by a fine system of water works, and contains 14 churches belonging to the different denominations. Montreal, Dominion and Great Northwestern Telegraph Cos. Lines have an office here. It is a station of the Great Western and Welland railways. Two daily and 3 weekly newspapers are published, *The News*, *The Journal* and *The Welcome Visitor*; there are agencies of the Bank of Toronto, Canadian Bank of Commerce and Imperial Bank of Canada. An omnibus is in regular connection with each train. Distant from the Niagara Suspension Bridge 12 miles, from the Falls of Niagara 12 miles, from Hamilton 32 miles, from Toronto, by rail 72 miles, by water 33 miles; from Buffalo 35 miles. Mail daily. Population, census 1881, 9,642.

STONY CREEK—A post village on Lake Ontario and on the Great Western railway, in the township of Saltfleet, county of Wentworth. It was here that a small body of British regulars and Canadian militia thoroughly routed, in a night attack, a body of the United States army, on their invasion of Canada in 1812. Stoney Creek is most pleasantly situated for private families, offering many desirable building sites, and it is a convenient outpost where much agency business is done on account of Hamilton merchants. It contains 3 churches, 1 grist mill and 2 saw mills. Distant from Hamilton, the

STRATFORD—The chief town of the county of Perth, on the River Avon, at the junction of the five townships of North Easthope, South Easthope, Ellice, Gore of Downie and Downie. On the opening of the Grand Trunk railway, Stratford was created an inland port of entry. The foundation stone of the town hall was laid in 1864 on the tercentenary festival of Shakspeare's birth at Stratford upon Avon in England. Stratford is an important station of the Grand Trunk railway, being at the junction of the main line from Toronto to Sarnia with the Buffalo and Goderich branch from Goderich to Buffalo, and with the London and St. Mary's branch, which connects with the Great Western railway at London. The workshops of this company employ a large number of men. The Port Dover and Lake Huron railway runs through the town. Stratford being the centre of a very fertile and thickly settled country has become an important market for grain and produce of all kinds. It possesses also good water-power and extensive mills. Mr. Sharman, proprietor of the Stratford Agricultural works, manufactures here a special article in the shape of the Little Giant Thunder Separator for farmers use. Montreal, Dominion and Great Northwestern Telegraph Cos. Lines have an office here. The Bank of Montreal, Merchants Bank of Canada and Canadian Bank of Commerce have agencies, and five weekly newspapers are published— *The Times, The Beacon, The Herald,* the *Canadischer Kolonist,* and *The Advertiser.* Distant from London 32 miles, from Goderich 45 miles, from Hamilton 61 miles, from Sarnia 0 miles, from Buffalo 115 miles, from Windsor and Detroit 143 miles, from Toronto 88 miles. Mail daily. Population, census 1881, 8,240.

ARCHITECTS, Darling & Curry, *MAIL BUILDING, TORONTO.*

THOROLD—An incorporated town on the Welland canal, township of the same name, county of Welland. It is the centre of an old settled and rich agricultural country, and a very extensive business is carried on in the manufacture of flour, lumber, cement, etc. Situated on the top of a hill, it commands a fine view of Lake Ontario, and the country to a distance of twenty miles east and west. Thorold possesses magnificent water power. In the vicinity of the town are extensive building and limestone quarries. Macadamized roads connect it with Port Robinson, Allansburg, and Welland, on the Welland canal, and with St Catharines, Suspension Bridge and Pelham. It has 4 churches, 4 large flouring mills, 1 large knitting factory, 2 branch banks, 9 hotels and 1 weekly newspaper, the *Thorold Post*. Montreal, Dominion and Great Northwestern Telegraph Cos. Lines have an office here. The Welland railway has a station at this place. Distant from St Catharines 4 miles, from Welland, the county town, 10 miles; from Niagara, on Lake Ontario, 14 miles; from Port Colborne, on Lake Erie, 18 miles. Mail daily. Population 4,000.

TILSONBURG—A rising town in the county of Oxford. Is situated on Big Otter Creek, on the line of the Canada Southern railway, also on the Loop Line division of the G. W. railway, and is the present terminus of the Brantford, Norfolk and Port Burwell railway. It contains 6 churches, 2 banks, a large sugar factory, 4 foundries, saw and grist mills, 2 weekly newspapers, *The Liberal* and *The Observer*, and 1 monthly newspaper, *The Advertiser*, a number of handsome residences, etc. Montreal, Dominion and Great Northwestern Telegraph Cos Lines have an office here. Broadway, the principal street, is a wide thoroughfare, and is lined with fine business places. There is a good opening here for the establishment of cotton or other factories, as there are several valuable water privileges, and the competition for freights ensure low and steady rates. Distant from Brantford 34 miles. from Ingersoll 15 miles. Population about 3,000.

Barons Thos., blacksmith
Robinson Robert, veterinary surgeon

Smyth Thomas, postmaster

TORONTO—The "Queen City of the West," and capital of the Province, is situated on the north-west shore of Lake Ontario, county of York. The city faces a spacious bay. From a distance it presents no striking aspect, owing to its site being rather flat, but on nearing it, especially from the lake, it gradually unfolds itself. Magnificent buildings come into view, topped by the domes and spires of the churches and public buildings, giving it an imposing and picturesque appearance. The city, which was originally called York, dates from 1784, when it may be said to have been founded. It was incorporated as a city, under its present name in 1834, and is laid out with singular regularity, in the form of a parallelogram, the streets intersecting each other at right angles. King and Yonge are the two principal streets: the former, the great thoroughfare and promenade, with its broad sidewalks and handsome well-filled shops, runs parallel with the bay; the latter, intersecting it, runs northward to the adjoining village of Yorkville, two miles distant from the City hall, and give its name to the great artery of communication through a rich and prosperous agricultural country, thirty miles interior to Lake Simcoe. The Esplanade, facing the bay, with its lines of quays and parallel lines of railway, presents at all times an animated scene. Toronto has many industrial establishments, including foundries, mills, tanneries, breweries, distilleries, and a great variety of other factories, all thriving and prosperous. The public buildings of the city are numerous, and many of them extremely handsome, such for instance as St. James' and St. Michael's Cathedrals, the General hospital, Exhibition buildings, Lunatic asylum, Custom house, Trinity college, Knox college, MacMaster hall, the School of Practical science, Upper Canada College, Rossin and Queen's hotels, Post office, Banks, Masonic hall, Normal, Model, Parochial and other schools, Convents, Churches, Girls home, Gaol, &c. Osgoode hall, the seat of the Superior Courts of Law and Equity for the Province, situated on Queen street, and the University of Toronto and University college, standing retired amid the sequestered shades of University Park, are noble edifices. A magnetical observatory, established by the Imperial Government in 1840, is attached to the University. Its position is lat. 43° 39' 4 N., long 79° 21'5 W., or 5h. 17m. 26s. slow of Greenwich time. The University Park, with its beautiful monument to the volunteers who fell at Ridgeway, and its avennes to Queen and Yonge streets, as also the Horticultural gardens, tastefully laid out

4 QUEEN STREET EAST, TORONTO. **NORMAN'S ELECTRIC BELTS** Cure DEBILITY and DYSPEPSIA.

Toronto—Continued.

and planted, are places where all may freely go for tranquil walks and healthful recreation. The Lieutenant Governor's residence on King street is an elegant and suitable structure. New Parliament buildings, of an imposing character, are about to be erected, to take the place of the buildings on Front street, which have been long in use for Legislative purposes. Toronto has a good harbor, easy of access to the largest craft that navigate our inland waters, and perfectly sheltered by a long narrow island which faces it, and in great measure, keeps out the lake. During the season of navigation steamers ply daily between Toronto and Montreal and all important places on the lakes. Six lines of railway run through the city—the Grand Trunk, Great Western, Northern, Credit Valley, Toronto and Nipissing and Toronto, Grey and Bruce. The head offices of the last four companies are located here. Montreal, Dominion and Great Northwestern Telegraph Cos. Lines have offices here. The city returns three members to the House of Commons and two to the Provincial Parliament. Distant from Hamilton 40 miles, from Niagara Falls, by water, 50 miles, from Collingwood 94 miles, from London 114 miles, from Kingston, 165 miles, from Ottawa 233 miles, from Montreal 333 miles, from Quebec 513 miles, from New York 500 miles, from Boston 593 miles, from Liverpool 3,083 miles. Mail daily. Population about 95,000.

LOVELL'S SCHOOL GEOGRAPHIES.

JOHN LOVELL & SON have much pleasure in announcing that they have issued an entirely new series of GEOGRAPHIES, designed to take the place of "LOVELL'S EASY LESSONS" and "GENERAL GEOGRAPHY," which were the first text-books on the subject published in this country, and have been so long and favorably known in the schools of the Dominion. NEW MAPS and NEW ENGRAVINGS, prepared at great expense, and in best style of the engraver's art, appear in the books.

RECENTLY PUBLISHED:

LOVELL'S INTRODUCTORY GEOGRAPHY,

With Maps and Illustrations. Price 50 cts.

LOVELL'S INTERMEDIATE GEOGRAPHY,

31 Colored Maps—40 Illustrations; 104 pages. Price 75 cts.

LOVELL'S ADVANCED GEOGRAPHY,

45 Colored Maps—210 Illustrations; 148 pages. Price $1.50.

On sale at the Bookstores throughout the Dominion of Canada, Newfoundland, and the West Indies.

JOHN LOVELL & SON,

MONTREAL, January, 1882. *Publishers.*

RECENTLY PUBLISHED: PRICE, $3.00.

A NEW AND REVISED EDITION OF

LOVELL'S GAZETTEER OF BRITISH NORTH AMERICA.

This work contains the latest descriptions of over

Seven Thousand Five Hundred Cities, Towns and Villages,

AND OF OVER

EIGHTEEN HUNDRED LAKES AND RIVERS,

A TABLE OF ROUTES,

Showing the proximity of the Railroad Stations and Lake, River and Sea Ports to the Cities, Towns and Villages in the Provinces of

Ontario, Quebec, Nova Scotia, New Brunswick, Prince Edward Island, Newfoundland, British Columbia and the North West Territories.

A COLORED MAP OF THE DOMINION WILL BE FOUND IN THE BOOK.

It is an indispensable Companion and Guide to the Tourist, Traveller, Sea-side Excursionist and Sportsman.

Useful in the counting house, as well as in the library of every private family.

Sent by mail on receipt of $3.00.

TRENTON—An incorporated town and port of entry, situated on both sides of the mouth of the River Trent, at the head of the Bay of Quinté. The corporation is formed by part of the township of Murray, county of Northumberland, and part of the township of Sidney, county of Hastings. A large business is done here in the rafting of square timber for the Quebec and other markets, great quantities being brought down the River Trent for this purpose from an immense range intersected by it. It contains 4 churches, town hall, 2 weekly newspapers, *The Courier* and the *Trent Valley Advocate*, 1 steam saw mill, 2 grist mills, paper mill, an iron foundry and 6 hotels. It has also excellent facilities for ship building. Montreal, Dominion and Great Northwestern Telegraph Cos. Lines have an office here. This is a station of the Grand Trunk and Prince Edward County railways. The Montreal and Bay of Quinté steamers call here regularly. Distant from Montreal 252 miles, from Toronto 101 miles, from Belleville 12 miles. Mail daily. Population about 2,500.

DARLING & CURRY, Architects, *MAIL BUILDING, TORONTO.*

WINDSOR—The largest town in the county of Essex, situated on the banks of the Detroit River, immediately opposite the city of Detroit. The cars of the Great Western are taken across by means of very powerful steamers, which are kept running day and night, summer and winter. These boats are supplied with such immense power that they are propelled through any thickness of ice which may form during the most severe winters. A number of boat owners have their headquarters in town. The town contains 7 churches, a convent, a model school, a high school, and 4 spacious and comfortable buildings for the common schools, 2 branch banks, a well-conducted local bank, an agency of the Bell Telephone Company, and of the American Express Company, and several agencies of assurance and insurance companies, a bookbinding establishment, a brewery, manufactories of tobacco, cigars, leather, billiard tables, soap and candles, boots and shoes, carriages, etc. Montreal, Dominion and Great Northwestern Telegraph Cos. Lines have an office here. It has a number of first-class hotels. Three weekly newspapers, the *Essex Record*, the *Essex Review*, and *Le Progrès*, in French, are published here. Windsor has a water supply that cannot be excelled on this continent, which cost its inhabitants about $150,000. Its streets are lighted with gas, as well as all the principal places of business and residences. It is connected with all the principal points in the county by good gravel roads, towards the construction of which its inhabitants contributed liberally, and consequently its business extends to every part of the county; and as this county cannot be excelled for its production of grain (corn especially), fruit, etc., the town is certainly destined soon to rank with our Canadian cities. Imports in 1880, $522,259; exports, $578,969. A ferry boat crosses from here to Detroit every 10 minutes. Distant from Essex Centre about 14 miles, from Amherstburg 18 miles, from Chatham 50 miles, from London 110 miles, from Toronto 223 miles. Population 7,000.

WOODSTOCK—The chief town of the county of Oxford, between the north and south ridings, and forming one of the municipalities of the latter, in the township of Blandford. It is a port of entry. Its location is very healthy, being on the high land of the Western peninsula, and surrounded by an exceedingly fertile country, renowned for wheat growing, cattle raising, cheese and butter. The River Thames skirts the northern limits, and Cedar Creek passes through the southern part of the town, furnishing considerable water-power. The streets are lighted with gas. The principal business is various manufactures and commerce, especially furniture, leather and machinery, the forwarding of wheat, etc. The principal buildings are of brick. There are 8 churches, a county High school and Model school and the Woodstock College situated at the east end of the town, estimated cost of erection $65,000, a substantial market place and town hall, and a branch of Canadian Bank of Commerce and the Imperial Bank. There are 3 magnificent five-storey steam grist and oatmeal mills, celebrated in the New York market for their superior brands of flour and oatmeal. Montreal, Dominion and Great Northwestern Telegraph Cos. Lines have an office here, and there are stations of the Great Western, Credit Valley and Port Dover and Lake Huron railways. Two weekly newspapers are published, the *Sentinel-Review* and *The Times*. Distant from Ingersoll 9 miles, from Paris 19 miles, from London 30 miles, from Hamilton 50 miles. Mail daily. Population, census 1881, 5,373.

AND

BUILDING SURVEYOR,

18 & 19 Union Block, Cor. Toronto & Adelaide Sts.,

TORONTO.

JUST PUBLISHED: A NEW AND REVISED EDITION OF **PRICE: $3.00.**

LOVELL'S GAZETTEER OF BRITISH NORTH AMERICA.

THIS work contains the latest and most authentic descriptions of over SEVEN THOUSAND FIVE HUNDRED CITIES, TOWNS and VILLAGES, and of over EIGHTEEN HUNDRED LAKES and RIVERS; a TABLE OF ROUTES showing the proximity of the Railroad Stations and Lake, River and Sea Ports to the Cities, Towns and Villages in the Provinces of *Ontario*, *Quebec*, *Nova Scotia*, *New Brunswick*, *Prince Edward Island*, *Newfoundland*, *British Columbia* and the *North West Territories*. A neat colored MAP of the DOMINION is also given.

The Book is recognized as an indispensable Companion and Guide to the Tourist, Traveller, Sea-side Excursionist and Sportsman.

It is useful in the counting house, as well as in the library of every private family.

Sent by mail on receipt of $3.

"The Brantford Courier"

STEAM

Book and Job Printing Establishment

Has unsurpassed facilities for turning out every description of

PLAIN & ORNAMENTAL PRINTING

In a manner second to no other Printing House in Ontario.

Cards, Posters, Funeral Notices, Billheads, Programmes, Calling Cards, Circulars, Dodgers, Letter Heads, Pamphlets, Way-Bills, &c., &c., &c.,

PRINTED WITH NEATNESS AND DISPATCH, AND AT LOWEST RATES.

The Daily Courier

HAS a large circulation, and which is steadily increasing. As an Advertising medium it offers splendid advantages to Merchants, Manufacturers and business men generally, to place their announcements before the public.

It contains the latest Home and Foreign News, Correct Market Reports, interesting Literature, a Chess Department, and Editorials on the leading topics of the day.

☞Will be delivered by Carriers to any part of the City, at 10 cents per week.

Weekly Courier

ESTABLISHED 1839. The Official Paper of the City of Brantford and County of Brant. The largest and most interesting paper published in this section. Its large circulation places it in the front rank as an advertising medium.

It is issued every Friday morning, and contains all matters of local and general interest, carefully selected from the daily edition. It is in all respects a first-class family paper.

The rate of subscription is only $1.50 per annum, when paid in advance.

OFFICE: DALHOUSIE ST., BRANTFORD, ONT.

H. LEMMON, Proprietor.

NEW FEATURE.—The Citizens Insurance Co. is the only Company granting an allowance for disfigurement of the body the result of accident. No other Accident Company in Canada grants this or other liberal features introduced in the Citizens' New Policy, $5 per $1000 per annum. Agents wanted to work this branch.

FERTILIZERS: SALT, PLASTER, BONE DUST, SUPERPHOSPHATES, &c. Prices and terms on application. Address, STEELE BROS. & CO., TORONTO.

Messrs. W. A. LAW & CO., Toronto.—Since we joined your Association, in May last, we have made use of it on several occasions, both for reports and collections, and have found it to work satisfactorily in every respect. We are much pleased with it. Yours truly, PETLEY & COMPANY, Clothing and Carpet House, Toronto.

The Citizens Insurance Company. Life Branch. **Life Policies of every description issued by this Company.** *See Adv. on Back Cover.*

NEW FEATURE.—The Citizens Insurance Co. is the only Company granting an allowance for disfigurement of the body the result of accident. No other Accident Company in Canada grants this or other liberal features introduced in the Citizens' New Policy, $5 per $1000 per annum. Agents wanted to work this branch.

JOINT LIFE POLICIES are issued by the CITIZENS INSURANCE COMPANY, the survivor getting the money; invaluable in cases of Commercial Partnership. *See Adv. on Back Cover.*

NEW FEATURE.—The Citizens Insurance Co. is the only Company granting an allowance for disfigurement of the body the result of accident. No other Accident Company in Canada grants this or other liberal features introduced in the Citizens' New Policy, $5 per $1000 per annum. Agents wanted to work this branch.

Blue Black, School and Commercial Inks, all kinds COLORED INKS. Writing Ink Manufacturers. J. J. SMITH & CO., cor Gerrard and River, TORONTO.

Messrs. W. A. LAW & Co., Toronto.—Since we joined your Association, in May last, we have made use of it on several occasions, both for reports and collections, and have found it to work satisfactorily in every respect. We are much pleased with it. Yours truly, PETLEY & COMPANY, Clothing and Carpet House, Toronto.

NEW FEATURE.—The Citizens Insurance Co. is the only Company granting an allowance for disfigurement of the body the result of accident. No other Accident Company in Canada grants this or other liberal features introduced in the Citizens' New Policy, $5 per $1000 per annum. Agents wanted to work this branch.

NEW FEATURE.—The Citizens Insurance Co. is the only Company granting an allowance for disfigurement of the body the result of accident. No other Accident Company in Canada grants this or other liberal features introduced in the Citizens' New Policy, $5 per $1000 per annum. Agents wanted to work this branch.

SEEDS. Clovers, Grasses and Seed Grains of finest quality and at lowest current prices. Special quotations and Samples on application. Address, STEELE BROS. & CO., TORONTO.

Messrs. W. A. LAW & Co., Toronto.—Since we joined your Association, in May last, we have made use of it on several occasions, both for reports and collections and have found it to work satisfactorily in every respect. We are much pleased with it. Yours truly, PETLEY & COMPANY, Clothing and Carpet House, Toronto.

NEW FEATURE.—The Citizens Insurance Co. is the only Company granting an allowance for disfigurement of the body the result of accident. No other Accident Company in Canada grants this or other liberal features introduced in the Citizens' New Policy, $5 per $1000 per annum. Agents wanted to work this branch.

DOMINION GLUE DEPOT, EMIL POLIWKA & CO., 32, 34 & 36 ST. SACRAMENT STREET, MONTREAL.

SEEDS. Clovers, Grasses and Seed Grains of finest quality and at lowest current prices. Special quotations and Samples on application. Address, STEELE BROS. & CO., TORONTO.

Messrs. W. A. Law & Co., Toronto.—Since we joined your Association, in May last, we have made use of it on several occasions, both for reports and collections, and have found it to work satisfactorily in every respect. We are much pleased with it. Yours truly, Petley & Company, Clothing and Carpet House, Toronto.

NEW FEATURE.—The Citizens Insurance Co. is the only Company granting an allowance for disfigurement of the body the result of accident. No other Accident Company in Canada grants this or other liberal features introduced in the Citizens' New Policy, $5 per $1000 per annum. Agents wanted to work this branch.

NEW FEATURE.—The Citizens Insurance Co. is the only Company granting an allowance for disfigurement of the body the result of accident. No other Accident Company in Canada grants this or other liberal features introduced in the Citizens' New Policy, $5 per $1000 per annum. Agents wanted to work this branch.

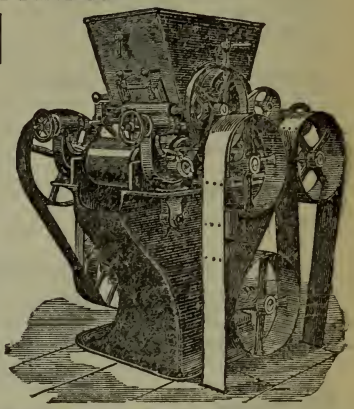
McCORMACK BROS., GENERAL GROCERS, &c., 431 YONGE STREET, TORONTO.

GRADUAL REDUCTION. FLOUR MAKING!



GRAY'S PATENT NOISELESS ROLLER MILLS

STILL AT THE HEAD!

Corrugations of all descriptions.

Smooth Iron or Porcelain.

EVERY MILL A SUCCESS!

Gray's Patent Noiseless Roller Mills, once adjusted, need no more attention.

Rolls thrown apart without stopping machinery. Feed regulated by shifting of Lever.

Perfectly Noiseless, being driven entirely by Belt. Simple in Construction, strong and durable.

Perfect in every adjustment.

WEGMAN'S PATENT PORCELAIN ROLLS,

Used in place of Millstones, make a WHITER and STRONGER Flour, and do not require ONE-HALF the power. ***Over 6,000 in use in this Country and Europe.***

☞Send for particulars.

NEW FEATURE.—The Citizens Insurance Co. is the only Company granting an allowance for disfigurement of the body the result of accident. No other Accident Company in Canada grants this or other liberal features introduced in the Citizens' New Policy, $5 per $1000 per annum. Agents wanted to work this branch.

NEW FEATURE.—The Citizens Insurance Co. is the only Company granting an allowance for disfigurement of the body the result of accident. No other Accident Company in Canada grants this or other liberal features introduced in the Citizens' New Policy, $5 per $1000 per annum. Agents wanted to work this branch.

LOVELL'S SCHOOL GEOGRAPHIES.

JOHN LOVELL & SON have much pleasure in announcing that they have issued an entirely new series of Geographies, designed to take the place of "Lovell's Easy Lessons" and "General Geography," which were the first text-books on the subject published in this country, and have been so long and favorably known in the schools of the Dominion. New Maps and New Engravings, prepared at great expense, and in best style of the engraver's art, appear in the books.

RECENTLY PUBLISHED:

LOVELL'S INTRODUCTORY GEOGRAPHY,

With Maps and Illustrations. Price 50 cts.

LOVELL'S INTERMEDIATE GEOGRAPHY,

31 Colored Maps—40 Illustrations; 104 pages. Price 75 cts.

LOVELL'S ADVANCED GEOGRAPHY,

45 Colored Maps—210 Illustrations; 148 pages. Price $1.50.

On sale at the Bookstores throughout the Dominion of Canada, Newfoundland, and the West Indies.

SEEDS. Clovers, Grasses and Seed Grains of finest quality and at lowest current prices. Special quotations and Samples on application. Address, STEELE BROS. & CO., TORONTO.

ESTABLISHED
1850
J.H.WALKER
DESIGNER AND ENGRAVER
ON WOOD
126 ST. JAMES STREET,
(Opposite the Post Offie,)
MONTREAL.
The people of the Dominion have awakened to the fact that imperfect illustrations are injurious to the subject thus portrayed; the most artistic design may be easily ruined by a novice in the art of engraving or by careless workmanship.
Manufacturers whose products are imperfectly delineated, or the impression given of inferior finish, are positively harmed.
J. H. WALKER has established an engraving business in Montreal (*the first established in Canada*) that he proposes to maintain by the execution of FIRST-CLASS WORK ONLY; he has confidence that Canadian taste will fully appreciate only eminently superior Wood Engraving.
☞By means of the most competent assistants, he is prepared to compete with all now engaged in the business for ordinary work where cheapness is the object.

SAMUEL ROGERS & CO., TORONTO. **All OILS Warranted Good Value.** QUEEN CITY OIL WORKS. Office: 33 Adelaide Street East.

GEORGETOWN — An incorporated village in the township of Esquesing, county of Halton, on the River Credit, and on the Grand Trunk and Hamilton and Northwestern railways. It does a large business in lumber and cloth, and has a considerable retail country trade. The surrounding district is noted for its rich wheat growing lands. Montreal, Dominion and Great Northwestern Telegraph Cos. Lines have an office here. It has Episcopal, Roman Catholic, Presbyterian, Methodist, Baptist and Congregational churches, bank agency, paper mill, planing mill, wall-paper factory, foundry and machine shop, 6 hotels and a weekly newspaper, the *Herald*. Distant from Milton, the county town, 12 miles; from Toronto 28 miles, from Guelph 20 miles. Mail daily. Population about 1,700.

MATTAWA.—A village on the line of the Canadian Pacific railway, at the confluence of the Ottawa and Mattawa rivers, district of Nipissing. It is a depot for the transmission of supplies still further up the Ottawa and Mattawa rivers in connection with the lumber business, and a station or fort has for many years been maintained here by the Hudson Bay Co., but, owing to competition from other traders in furs, its business is now comparatively limited. There is a large Roman Catholic church in this distant settlement, whose service is included in the mission of the Peres Oblats. It has also 4 hotels and a saw mill. Montreal, Dominion and Great Northwestern Telegraph Cos. Lines have an office here. Distant from Pembroke 100 miles, from Sand Point 154 miles, from Rapides des Joachims 55 miles. Mail tri-weekly. Population 500.

CITY OF MONTREAL CLASSIFIED DIRECTORY

OF

BUSINESSES, TRADES, PROFESSIONS,

ALPHABETICALLY ARRANGED.

GREENE & SONS COMPANY, HATS, FURS, &c., 517, 519, 521, 523 St. Paul Street, MONTREAL.

MONTREAL.—The commercial capital of Canada and the most populous city in British North America, is situated at the head of sea or outward navigation, and at the foot of the great chain of River, Lake and Canal navigation which extends westward to Chicago and Fond du Lac, a distance of about 1400 miles, embracing an almost unequalled extent of inland water communication. It occupies one of the most commanding positions in America, and stands on a large, fertile and beautiful island of the same name, 30 miles in length by 10 miles of extreme breadth, formed by the confluence of the Ottawa and St. Lawrence rivers, and on the north bank of the latter. Thus situated near the junction of two very important rivers, with a free communication seawards (though 90 miles above the influence of the tides, and 300 miles from salt water), Montreal possesses all the advantages of both an inland city and a seaport accessible to steamships and other vessels of over 3000 tons burthen. Holding, too, the keys, as it were, of the navigation of the Canals and Lakes,—the latter styled "the new Mediterranean,"—its position with reference to Quebec, Ontario, the Western States, New York, Boston, Portland, Albany, Nova Scotia, Newfoundland and Prince Edward Island, makes it, by means of its extensive water and railway communication, the great centre of attraction and COMMERCIAL EMPORIUM of the Dominion of Canada. The city is the chief seat of manufacturing operations in the Dominion; and it has many extensive and costly establishments, the productions of which will compare favorably with those of other countries. The principal business streets are Notre Dame, St. Paul, Commissioners, McGill, St. James, and the main streets of St. Lawrence, Quebec, St. Anns, St. Joseph and St. Antoine Suburbs. The city and suburbs are well lighted with gas, and many of the principal streets paved with stone. From whichever side approached, Montreal and its vicinity (the wood-clad "Mont Royal" forming a magnificent background), with its numerous beautiful villas, orchards, and delightful drives, its grand and stately edifices, and many elegant public and other buildings of cut stone, adorned with glittering roofs and domes, tall spires and lofty towers, present to the view of the beholder a vast, picturesque, and grand panorama. Among the many handsome public buildings of which Montreal can boast, is the French Cathedral, Christ Church, the Gesu, St. Andrew's, St. Paul's, St. George's, Trinity, St. James the Apostle, Knox, Erskine, Wesleyan and other churches, McGill College, the Jesuits College, the Hotel Dieu and General Hospital, House of Industry, Post Office, Banks, Custom House, Victoria Skating Rink, Bonsecours Market, Court House, Military School, &c. Montreal has also magnificent water works. The water is drawn from the St. Lawrence, a mile and a half above the Lachine Rapids, and conducted a distance of five miles through an open canal to a capacious basin, where it is, by powerful and costly machinery, forced up through the pumping-main, two miles and three quarters in length, to reservoirs on the brow of the Mountain, capable of containing fifteen million gallons. The Harbor and Basins into which the last link of the great Canadian inland canals debouches, though not large, are good, convenient, and safe; and they are capable of indefinite extension and improvement at comparatively small expense. The wharves, extending over a mile in length, are surmounted by a massive cut-stone wall, along the height of which is a pleasant promenade and wide street, affording a fine view of the river and its shipping. There are numerous inclined planes from the wharves, by which carriages ascend to the street above; and the whole, for appearance, commodiousness, and cleanliness, is unexcelled by any port on the continent. From Point St. Charles, at the head of the harbor, to St. Lambert on the opposite shore, a distance of about two miles, the great "father of rivers," the St. Lawrence, is spanned by the Victoria Bridge, the most costly and magnificent work of the kind ever erected. With its two long abutments and twenty-four piers of solid masonry, this great tubular bridge of iron stands a monument of engineering skill and the wonder of the world. The total length of the bridge is 9,184 lineal feet with 24 spans of 242 feet each, and one (the central tube, which is 60 feet above high water) of 330 feet. The first stone of this great masterpiece of Stephenson was laid on the 20th July, 1854, and the first passenger train passed over on the 17th December, 1859. Its construction gave the Grand Trunk railway a continuous and unbroken line of communication from Rivière du Loup and Portland to Lake Huron and Detroit, and Montreal un-

DARLING & CURRY, Architects, *MAIL BUILDING, TORONTO.*

Montreal—Continued.

rivalled facilities and advantages for commerce, whether foreign or domestic, making it the great central depot for the traffic of Canada and the Western States. The cars of the Grand Trunk railway—the longest line owned by one company and under one management in the world, and the building of which has placed Canada in the proud and prosperous position she occupies to-day—run daily east and west making close connections in Ontario with the Great Western, Brockville and Ottawa, St. Lawrence and Ottawa, Cobourg, Peterborough and Marmora, Midland, Northern, Toronto, Grey and Bruce, Toronto and Nipissing, Wellington, Grey and Bruce, and Whitby and Port Perry railways, also with the Canada Air Line and Southern; and in the province of Quebec with the Vermont Central, Stanstead, Shefford and Chambly, South Eastern Counties Junction, and Massawippi Valley railways; and with Levi and Kennebec, North Shore, Canada Central, Richelieu, Drummond and Arthabaska Counties, Gosford, St. Francis and Megantic International, and the great Intercolonial. The two latter roads give Montreal direct rail communication with St. John and Halifax, which gives great facilities for largely increasing its trade with the Maritime Provinces. In the Eastern States the Grand Trunk connects with several lines branching off from its principal stations, and at Halifax and Portland with the Allan line of steamers in winter, and with steamers for St. John and Halifax the year round. The Vermont Central, Montreal and Province Line, and the Delaware and Hudson Canal Company railways, and their connections, also afford direct communication with New York, Boston and the principal cities in the United States. In summer, to these advantages is conjoined that of the navigation, which is usually open from about the middle of April to the end of November. The Allan line of splendid, powerful, fast-crew steamers, performing regular mail service, ply weekly between Liverpool and Montreal in summer, and between Liverpool and Halifax and Portland in winter During season of navigation daily lines of steamers, propellers and other vessels run between Montreal and Quebec, Ottawa and Prescott, Brockville, Kingston, Belleville, Rochester, Cobourg, Port Hope, Toronto, Hamilton and many other Lake and River ports, eastward as well as westward. Montreal is the seat of a Bishop of the Church of England and of a Roman Catholic bishop. It returns three members to the Dominion House of Commons, and three to the Quebec Legislature. The city is well governed by a Corporation composed of a mayor and twenty-seven aldermen, has a fine police force, an efficient fire brigade, and the best fire alarm telegraph system in the world. It is the principal port of entry in the Dominion, and is rapidly increasing in population and extending its city limits. East, west and north of Montreal, attached to but not incorporated with it, are a number of flourishing villages, while immediately opposite, on the south shore of the St. Lawrence, is St. Lamberts, Laprairie and Longueuil. Point St. Charles, a populous suburb, is situated in the western section of the city. The general offices and principal work-shops of the Grand Trunk railway are located there. On the 28th Nov., 1870, St. Helen's island, the Quebec gate barracks, the beautiful Champ de Mars, and all other Imperial property in Montreal was presented by the Commander-in-chief, Sir Charles Hastings Doyle, in the name of Her Majesty, as a gift to the Dominion Government. The Canadian Pacific railway, now in course of construction, will prove of incalculable benefit to the city of Montreal, by largely increasing its trade with the many prosperous sections of the country through which they will pass, and causing the rapid extension of its limits eastward as well as west. The offices of the Montreal, Dominion and Great Northwestern Companies Telegraph lines are located in St. Sacrament street, with branch offices throughout the city. Montreal is distant from Ottawa 130 miles by water and 164 miles by rail, from Quebec 180 miles, from Kingston 173 miles, from Toronto 333 miles, from Hamilton 373 miles, from London 453 miles, from Boston 334 miles, from New York 400 miles, from Portland 292 miles, from Detroit 591 miles, from Chicago 845 miles, from Cincinnati 1104 miles, from St. John, N.B., *via* Danville junction, Me., and European and North American railway, 580 miles, *via* Grand Trunk and Intercolonial railway 763 miles, *via* Rivière du Loup and Grand Falls 609 miles, from Halifax, N.S., 852 miles, from Liverpool 2750 miles. Mails daily. Population by census of 1881, 140,862, and by including suburbs outside city boundary, about 200,000.

SEEDS. Everything for the Field, Vegetable and Flower Garden. Catalogues sent free on application. Address, STEELE BROS. & CO., SEED MERCHANTS, TORONTO.

Messrs. W. A. Law & Co., Toronto.—Since we joined your Association, in May last, we have made use of it on several occasions, both for reports and collections, and have found it to work satisfactorily in every respect. We are much pleased with it. Yours truly, Petley & Company, Clothing and Carpet House, Toronto.

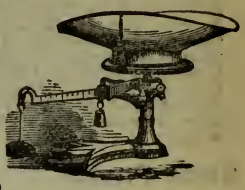
McCORMACK BROS., Importers WINES AND LIQUORS. 431 Yonge Street, TORONTO.

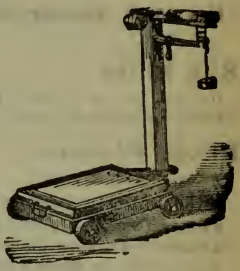


H. B. WARREN & CO.,

SCALE MANUFACTURERS,

AND MANUFACTURERS OF

Warren's Patent Ice Cutter or Pick,



763 CRAIG STREET, MONTREAL.

Successors to the Inventor and Patentee of Platform Scales in Canada.

Patented and Established A. D. 1834, by the late OTIS WARREN.

We claim to be the oldest manufacturers of ***Platform Scales*** in Canada, dating back to their invention. The Patent is on view at our office.

We claim to make the Best Scales in Canada

We claim to get better prices than any other Canadian manufacturers. And why? simply because our Scales are the best, and we give full value for the money. Having fitted up our factory with the most approved machinery and tools, especially adapted to the work, we are enabled to make the best work, at from 25 to 30 per cent. less in price than the best American makers, of equal quality. We use the best material, employ the most skilled labor, and spare no pains in their adjustment. Our facilities are such, that if we were so disposed we could make ***Cheaper Scales*** than any of the inferior makers, but we prefer to sustain our reputation, rather than competing with low priced makers. Cheap scales may fool the consumer once, but he will not be fooled a second time. When you consider the immense value of goods passing over a scale in one year, it may easily be seen that the loss occasioned by using a poor scale would more than pay for a good article.

Repairing executed with neatness and despatch.

The Trade protected. Send for Price List and terms. We guarantee our work as represented. We also manufacture

WARREN'S PATENT ICE CUTTER OR PICK,

A new invention, and one which no family can afford to be without. It will save its cost the first season, in saving the ice from waste in cutting. Send for price and description list. The Trade supplied and protected.

LOVELL'S SCHOOL GEOGRAPHIES.

JOHN LOVELL & SON have much pleasure in announcing that they have issued an entirely new series of GEOGRAPHIES, designed to take the place of "LOVELL'S EASY LESSONS" and "GENERAL GEOGRAPHY," which were the first text-books on the subject published in this country, and have been so long and favorably known in the schools of the Dominion. NEW MAPS and NEW ENGRAVINGS, prepared at great expense, and in best style of the engraver's art, appear in the books.

RECENTLY PUBLISHED:

Lovell's Introductory Geography,

With Maps and Illustrations. Price 50 cts.

Lovell's Intermediate Geography,

31 Colored Maps—40 Illustrations; 104 pages. Price 75 cts.

Lovell's Advanced Geography,

45 Colored Maps—210 Illustrations; 148 pages. Price $1.50.

On sale at the Bookstores throughout the Dominion of Canada, Newfoundland, and the West Indies.

Trade Mark.

A. LECOMTE & CO.,

MUSICAL INSTRUMENT MAKERS,

12 ST. GILLES STREET, close to the Bastile, PARIS.

All Instruments Warranted of perfect make, as well as in good Pitch & Tone

The official Report of the International Board of Examination for the Paris Exhibition of 1867 (reporter. Mr. FETIS) speaks highly of the Instruments manufactured by this firm, as can be seen by the following extracts from the second volume of said report:—

"FRENCH HORNS.— .... The best Instruments of the kind seem to be those of .... and A. LECOMTE & CO."

"CORNETS.—The Board has noticed, amongst the most satisfactory for sound and good tune, the Cornets of .... as well as those of A. LECOMTE & CO."

"TROMBONES.—The best Trombones, with slides, in the Exhibition are those of .... A. LECOMTE & CO."

"BUGLES or SAXHORNS.—The best Saxhorns or Bugles of soprano tones, contralto, tenor, baritone, bass and contrebass, either for force of sound or for good tune and purity of tone, are those of .... A. LECOMTE & CO."

"CLARIONETS.—Very good Clarionets, large and small, have been exhibited by .... and A. LECOMTE & CO."

Such extracts, better than any emphatical speech, explain the increasing success of this firm, who, established only since 1860, spare no expense or trouble in order to obtain always the most perfect musical instruments.

TAYLOR BROTHERS,

OFFICE and WAREHOUSE:

30 WEST MARKET SQUARE, TORONTO.

CHURCH ORNAMENTS.---M. BIAIS, Sen., Paris, France.

Established over a century, our house is pre-eminently the largest and most important in the world for the manufacture of every article necessary to the Catholic Church.

The great artistic and mechanical resources at our disposal enable us to execute all orders with the utmost dispatch, economy and completeness, from the smallest article to the most sumptous ornament.

The Holy Father in according us the highest distinction has been pleased to encourage our efforts, the success of which has been testified to by the high awards gained at every successive Universal Exhibition in Europe. These we deem sufficient guarantee that any work entrusted to us will be carefully and intelligently executed.

We give below a list of the principal articles manufactured by us, concerning which further information will be given on application :—

Chasubles, Copes, Stoles, Mitres, Banners, Cloths, Lace of all kinds, Albs, Surplices, Altar Cloths, Mosettes, Capes, Cappa-Magnas, Choristers' Garments, Candelabras, Crosses, Chalices, Ciboriums, Monstrances, Lustrams, Shrines, Altars in Wood, Stone or Marble, Statues, Pulpits, Confessionals, Ways of the Cross, Tapestries, Banderolles, Oriflammes,

And everything concerning the interior or exterior decoration of

CHURCHES or CHAPELS. Catafalques or Mortuary Hangings.

For the proper execution of any order, customers are requested to send the description of the article, the color, and the price to which they would like to go. If for Altars, Pulpits, Confessionals or other article of furniture, the measurement of the space in which they are to be placed. Assuring our correspondents that their instructions will be strictly adhered to, we cordially invite them to visit our extensive establishment when in Paris.

Immediate reply given to all communications, whether in reference to orders, remittances or for information. Address direct.

M. BIAIS, Sen., Manufacturer of Church Ornaments. 74 Rue Bonaparte, Paris, France.
